KEY PERSONNEL

Debasis Pradhan, Co-founder

An industry veteran, a thought leader and a zealous professional Mr. Pradhan holds an indepth knowledge of the sector. He has an enviable experience of 27 years in the Telecom Industry. This enriched professional experience is adorned with various challenging roles with renowned organizations like Andrew Yule Group, Digital Microwave Corporation, Harris, California Microwave Inc, Airtel, Siemens, Vodafone and Uninor. His area of expertise lies in diverse functions from Planning, Project Management, Operations & Maintenance, Installation & Commissioning, Regulatory compliance to skill development. He has been involved in critical strategic business development, turnkey consulting with an undying commitment to quality.

Sushovan Ghosh, Co-founder

A man of multifaceted talent with ability to manage every challenge Mr. Ghosh is a qualified specialist. After completing his engineering degree (Electrical) he has worked in the highly dynamic industry for over 12 years. He was entrusted with key roles in critical high value projects during his long career. He has managed large projects (100 Cr+) like R-APDRP project and his involvement and contribution in successful implementation of the project is still appreciated by the industry peers. He received the exposure to some of the best business processes in leading Corporate Houses. He worked with eminent names like the Indus Towers Ltd, Godrej & Boyce Mfg. Co. Ltd., Dishnet Wireless Limited (Aircel) etc. He absorbed the best practices along with the operational nuts and bolts and brought the invaluable knowledge on board R G Solutions.

Sunit Kumar Rai, Co-founder

With an eye to spot the opportunities and adapt to maximize the results Mr. Rai never ceased to learn and has honed his skills to the level of perfection. He holds a master degree in operations management along with B.E (Hons.) in Electrical Engineering. His 12 years of working experience in the Industry reflects the same principle. Prior to R G Solutions he has worked for a number of organizations like Ericsson, Nortel Network, Environ Energy Corporation India (P) Ltd, Uninor etc. His professional experience is adorned with some pioneering projects in the telecom sector. He has taken the business to new heights with high value associations and long term contracts.
